

CHALLENGE YOUR EMPLOYEES TO GET HEALTHY TOGETHER.

Host a Coach by Cigna Leaderboard Challenge.

If you'd like to help your employees – and their families too – exercise more, eat smarter, sleep better, reduce stress or lose weight, challenge them to put the Coach by Cigna app in the palm of their hands. This personalized health and wellness app is specifically designed to help motivate your employees to reach their health goals. And the new Leaderboard Challenge feature adds even more motivation – not to mention a little more fun.

Here's how it works.

It's free and easy.

- Choose your challenge name, dates and a brief challenge description. Your Cigna Health Improvement Strategist will take it from there, providing you with your group code and materials to communicate the challenge to your employees.
- Then, all your employees have to do is download the free Coach by Cigna app and complete the coaching programs that fit their needs. The more programs they complete, the more points they'll earn – and the higher they'll climb on the daily leaderboard.

It's rewarding – in more ways than one.

- Participants* will enjoy coaching support and healthy motivation from over 300 videos. They'll also get instant access to exclusive coupons and discounts, and they'll have the chance to compete for any additional prizes you choose to offer.
- You'll enjoy the benefits of creating a healthy work environment, which can lead to creating healthier, happier and more productive employees.

Together, all the way.®
